ORGANIZATIONAL STRUCTURE

In addition to the commissioner's staff, the Office is divided into two major divisions: the Division of Regulation and Enforcement and the Division of Administrative Services. A brief description follows:

I. Commissioner's Staff

The commissioner's staff includes the deputy commissioner who serves as the head of the agency in the commissioner's absence, the staff counsel, and the secretaries to the commissioner and the deputy commissioner.

II. Division of Regulation and Enforcement

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; determining compliance with applicable laws and rules; initiating appropriate administrative actions; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; disseminating information to the public; investigating agent activities; conducting field reviews of insurer marketing practices; preparing enforcement proceedings; and prosecuting offenders.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

III. Division of Administrative Services

Office of Policy Analysis. This office is comprised of analysts who provide the commissioner and other agency personnel with technical expertise and analysis of policy issues, legislative analysis, and planning. This office also directs the public information program of the agency.

Bureau of Staff Services. This bureau is responsible for all general administrative functions of the agency including the administration of the insurance intermediaries testing and licensing program, centralized word processing, data processing, budget, personnel and clerical support services.

Bureau of Funds. This bureau consists of the three segregated funds for which this agency has administrative responsibility: the Local Government Property Insurance Fund, the State Life Insurance Fund and the Patients Compensation Fund.

The Local Government Property Insurance Fund offers property insurance protection to qualified local government units.

The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding $10,000 per person.

The Patients Compensation Fund provides medical malpractice protection to health care providers for claims in excess of $200,000 per claim or $600,000 per year.

The Health Insurance Risk-Sharing Plan (HIRSP) is also housed in the Division of Administrative Services.

II - EXECUTIVE ACTIONS

HEALTH CARE COST CONTAINMENT

The state of Wisconsin is in the midst of a health care revolution which has already had a profound impact on employers, employes, unions, providers and the general public. The revolution has come about largely because competition has been introduced into the health care delivery system. The results so far are impressive. In Wisconsin there are at least 25 alternative health insurance plans competing for the health care dollars of employers and the public. Over 600,000 Wisconsin residents are now enrolled in an HMO or other prepaid health care plan. This is three times the number of plans and three times the number of enrollees in these types of plans than there were at the end of 1982. At the end of 1982, there were eight health maintenance organizations in Wisconsin with 150,000 enrollees. At the end of 1984, there were 22 plans with over 350,000 enrollees.

Why did it happen? Three recent Wisconsin initiatives are primarily responsible for these changes taking place.

The first is that state law was changed to permit "closed panel" plans to develop. Prior to the change, only federally qualified HMOs could operate with a selected panel of providers. All other plans were required to include in the plan any health care provider who wanted to participate in the plan and abide by its terms. It is difficult to overemphasize the effect of this change. Health maintenance organizations, in order to control costs, must operate efficiently. To operate efficiently, they must control utilization of hospital and medical costs. Controlling utilization means being able to choose the best providers, i.e., those most willing to practice in a cost effective way. It means not having more providers on the panel than are necessary to serve the number of enrollees in the plan. This law change provided an important impetus for the development of several new health maintenance organizations.

The second is that the state, as an employer, changed its contribution factor for the employe health plan from 90% for whichever plan employes chose to 105% of the lowest priced plan or 90% of the standard plan, whichever is lower. Employes must pay the difference if they choose higher priced plans. The experience of the state shows that this approach has three obvious results. One, it encourages more plans to develop since several plans are able to enroll a share of state employes. Two, it encourages plans to keep costs down to attract enrollees and, three, it gives employes an incentive to choose a lower priced plan. If employers continue to make the same contribution regardless of the cost of the plans available, there is no incentive either for plans to keep costs down or employes to choose low-cost plans. Unless an employer takes this step, all that may happen is that the employer will create expensive HMOs in addition to expensive standard plans and experience no cost savings. As a result of this effort, 68% of state employes are now enrolled in HMOs—up from 13% in 1982. The HMOs offer the same scope and quality of benefits as the standard plan.

The third action which the state has taken is to enroll AFDC recipients in the Madison and Milwaukee areas in HMOs. As of March 1, 1985, over 90,000 MA recipients—85% of the total number of AFDC recipients in the two counties—were enrolled in these plans.

How is it working? So far, the reports are good. The Insurance Commissioner's office received less than 100 complaints about HMOs in 1984. This is a small portion of the 3,600 complaints relating to health insurance which the office received. Only a few of these complaints related to issues which can be interpreted as relating to the "quality of care" enrollees receive.

The Department of Employe Trust Funds, which administers health insurance plans for state employes, also reports very few complaints from state employes. This suggests that enrollees are generally satisfied and that the internal grievance procedures set up by the HMOs are working well.

Money is also being saved. The state has gone from a 30% increase in health insurance premiums in 1982 to 3% in 1985. A preliminary comparison between Madison HMOs and the statewide data for the state employe standard plan suggests that the number of hospital inpatient days per 1,000 enrollees, the number of hospital admissions per 1,000, the average lengeth of stay and the average cost per hospital stay are all significantly less in the HMOs. Monitoring utilization data over the next few years will show whether these differences hold up over time.

What lies ahead? Although HMOs appear to save money without jeopardizing the quality of care people receive, there are some concerns which should be kept in mind.

HMOs are not for everyone. It is important to maintain a competitive market for different types of health insurance. A standard plan, open panel alternative should be available to those for whom these plans are the best choice.

The state should continue to encourage multiple HMOs to develop and avoid a situation where one or two HMOs dominate the market. Competition between HMOs is as important as competition between HMOs and traditional insurers.

HMOs should be encouraged to have a healthy mix of both public and private enrollees. Both for solvency and quality of care reasons, HMOs should not be dependent on only one source of revenue.

HMOs should be encouraged to broaden their membership. Large employer groups in most parts of the state have multiple choices of plans. Fewer plans are available to small employers and fewer still to individuals. Mechanisms should be developed to encourage the HMOs to expand their markets to those groups and individuals to whom HMOs are not currently available.

Quality and patient satisfaction should be monitored. The HMO statute currently beng, considered in Wisconsin requires each HMO to have an internal grievance procedure and to file an annual summary of grievances with the Insurance Comissioner's office. HMOs should also be monitored to make sure that solvency protections are in place, and that they can deliver on the promises they make.

Education of employers, employes, providers and the public should be encouraged. For the system to be successful, everyone concerned will need to know exactly how HMOs and other alternative systems work and how they can maintain their current cost savings and continue to provide quality care for the residents of Wisconsin.

LEGISLATION

Last year's report identified several acts which had been enacted by the 1983 legislature by mid-March 1984. Following is a complete listing by 1983 Wisconsin Act Number of enactments which affect insurance laws in some respect.

ADMINISTRATIVE RULES

Changes made in 1984 in the Wisconsin Administrative Code applicable to insurance are described below.

Ins 2.14 Life insurance solicitation.

Amendments were made in s. Ins 2.14 by repealing references which were declared invalid by the Wisconsin Supreme Court in *Aetna Ins. Co. v. Mitchell,* 101 Wis. 2d 90. The portions of Ins 2.14 which were repealed are Ins 2.14 (3) (a) and (f), (4) (a) and (c) and Appendix 1, 2, and 3. The remaining paragraphs of subsections (3) and (4) were renumbered to take account of the paragraphs repealed. Effective 6/1/84.

Ins 2.16 Life insurance advertisement; unfair trade practice.

Several paragraphs of Ins 2.16 were repealed and renumbered to comply with the decision of Dane County Circuit Court in the case of *Acacia National Life, et al. v. Ann J. Haney, Commissioner of Insurance and Office of the Commissioner of Insurance.* The portions repealed were subsections (5) (b) 1. and 2. and (6) (b). Subsection (6) was renumbered to take account of the repeals. Effective 6/1/84.

Ins 2.20 Unisex nonforfeiture values and certain life insurance policies.

This rule was created to allow insurers who have elected an operative date under s. 632.43 (6n) (h), Stats., to provide for cash surrender and paid up nonforfeiture benefits which do not vary with the sex of the life insured. Some life insurance policies are subject to the decision of the United States Supreme Court in *Arizona Governing Committee v. Norris,* 103 Supreme Court Reporter 34192. That decision makes it illegal for an employer to make contributions after August 1, 1983, to a defined contribution pension plan if the benefits derived from these contributions differ by sex. The tables referenced in s. 632.43 were acceptable for use in determining cash surrender and nonforfeiture benefits before August 1, 1953. Because the benefits provided for by those tables vary by sex of the life insured they are no longer acceptable in determining benefits under plans subject to Norris. This rule provides tables which may be used in any unisex policy and which are necessary for compliance with the Norris decision. Effective 9/1/84.

Ins 3.08 Municipal bond insurance.

A Wisconsin domiciled insurer indicated its intention to expand substantially its issuance of policies of insurance against financial loss by reason of nonpayment of principal and interest obligations on municipal bonds. Because municipal bond insurance is a highly specialized line of business to which the normal standards of insurance regulation do not apply the commissioner believed that a special administrative rule was necessary to regulate municipal bond insurance. An emergency rule to establish minimum capitalization of standards, limitations on policies written, financial reporting standards, and contingency reserves to meet excessive losses of municipal bond insurers was adopted May 31.

Subsequently a hearing was held to consider a permanent rule. A rule based on New York regulation 61 for the proper monitoring of municipal bond insurance was adopted. This rule establishes minimum capitalization standards and financial reportings standards and provides for a contingency reserve to meet excessive losses. At the same time, the commissioner also amended Ins 6.74 relating to suretyship and risk limitations of surety obligations so that that rule does not apply to insurers writing municipal bond insurance and no other type of surety insurance. Effective 11/1/84.

Ins 3.27 Advertisements of and deceptive practices in accident and sickness insurance.

Amendments were made in parts of this rule relating to advertisements of and deceptive practices in accident and sickness insurance to provide for additional reasonable exemptions for institutional and invitation to inquire advertisements. Institutional and invitation to inquire advertisements need not be subject to all of the disclosure requirements applicable to invitation to apply advertisements. The subsections of Ins 3.27 which were amended are: subs. (4) (a), (9) (p) and (9) (v) (Intro.) and (10) (h). Effective 11/1/84.

Subsection (10) (j) 43 was created to require that limitations on the choice of providers or geographical areas served be included in advertisements of accident and sickness insurance. This has particular applicablility to Medicare supplement contracts issued by health maintenance organizations. Effective 11/1/84.

Ins 3.39 Standards for disability insurance sold to the Medicare eligible.

Changes were made in this rule to permit health maintenance organizations to offer a Medicare supplement which has limitations on the choice of providers and the geographical area in which coverage is provided; which is appropriately captioned and designated; and which discloses territorial and provider limitations, restrictions on emergency and urgent care services and information on how to file a claim for these services. To accomplish these changes subdivision 9 of subsection (4) (a) was created and the existing subdivision 9 was renumbered subdivision 10. Subsections (5) and (6) (a) 6. were amended. Appendix (3) (c), (5) (j) (6) (c) and (8) were created. Existing Appendix 8 was renumbered Appendix 9. Effective 11/1/84.

Ins 3.48 Preferred provider plans.

This rule was adopted to implement s. 628.36 (2a) (f), Wisconsin Statutes, created by 1983 Wisconsin Act 27 relating to preferred provider plans. That statute required the commissioner to adopt rules applicable to preferred provider plans to ensure that patients are not forced to travel excessive distances to receive services; to ensure that continuity of patient care is not disrupted; to define substantially equivalent benefits for purposes of dual choice requirements; to ensure that employes are offered adequate and complete information on plans being offered and to set maximum out-of-pocket amounts persons who go to a non-preferred provider may be required to pay. Subsection (2) of Ins 3.48 establishes that preferred provider plans may offer coverage to a person only if preferred providers of primary care services are available within 30 minutes of travel time. Certain exceptions to this requirement are included in subsection (2).

Subsection (3) of the rule provides that subject to certain exceptions a preferred provider which is offered on a group basis must extend enrollment periods for group members and their families who wish to be enrolled in the plan but who are in a course of treatment with a provider not selected by the plan. Enrollment standards for those who request an extended enrollment period shall be no more restrictive than they are for those who enroll during the normal enrollment period.

Substantially equivalent benefits are defined in subsection (4) as being equivalent if they offer comparable coverage for hospital room and board services, other in-patient hospital services, surgery, home and office physician services, in-hospital physician care, x-ray and laboratory services. Paragraph (b) provides that benefits may differ as to premium, deductible, coinsurance, benefit maximum provisions, and limitations on choice of providers.

Subsection (5) describes the notice and information which preferred provider plans must provide to policyholders about the plan. Subsection (6) limits the amount a person must pay if services from providers not selected from the plan are received. The sum of these additional amounts may not be more than $2,500 per year for individual coverage or more than $5,000 per year for family coverage. Effective 7/1/84.

Ins 3.49 Wisconsin automobile insurance plan.

This rule was adopted to establish an automobile insurance risk-sharing plan to continue and restate the major provisions of former s. 204.51 (2) [Wisconsin Statutes, 1967]. It provides for the availability of automobile insurance for applicants unable to procure insurance in the voluntary market and provides specific access and grievance procedures for the plan.

Subsection (3) of the rule provides that the governing committee of the plan shall submit revisions to its rules, rates and forms for the plan to the commissioner for prior approval before they become effective. Those documents shall provide reasonable rules governing the equitable distribution of risks to insurers; rates and rate modifications applicable to such risks; the limits of liability which the insurer shall be required to assume; a method by which an applicant to the plan denied insurance or an insured under the plan whose insurance is terminated may request the committee to review such action and by which an insurer subscribing to the plan may request the committee to review actions or decisions of the plan. Effective 12/1/84.

Ins 6.57 Listing insurance agents by insurers.

Subsection (5) of this rule was amended to eliminate reference to intermediary brokers because the licensing of intermediary brokers was excluded by amendment of s. 628.04 (1), Wisconsin Statutes, by Chapter 38, Laws of 1981. Effective 1/1/85.

Ins 6.58 Licensing of corporations and partnerships as insurance intermediaries.

Subsection (3) of this rule was amended by the creation of paragraph (b) to state that determination of the acceptance or rejection of the completed application shall be made within 60 business days. This change was made to comply with s. 227.0105 (1), Wisconsin Statutes, created by 1983 Wisconsin Act 91 which requires that an administrative rule state the period of time within which the commissioner shall accept or reject a completed application. Other renumbering changes were made. Effective 1/1/85.

Ins 6.59 Licensing of individuals as agents.

Subsection (4) of this rule was amended to provide that determination of the acceptance or rejection of a completed application shall be made within 60 business days. This change was made to comply with s. 227.0105 (1), Wisconsin Statutes, created by 1983 Wisconsin Act 91, which requires that administrative rules state the period of time within which the commissioner shall accept or reject a completed application. The rule was also amended to describe when an application is completed.

Subsection (8) of Ins 6.59 was created to establish the requirements for residency for licensing purposes and to provide that a licensed nonresident agent, after becoming a Wisconsin agent, may retain authority under the nonresident license for a maximum of 60 days. A licensed resident agent, after becoming resident of another state, may retain authority under his present agent license for a maximum of 60 days. If an agent changes residency status and becomes licensed under the new status, all authority granted by the license issued under the former status shall terminate on the date the new license is issued. Criteria used to establish residency includes the jurisidiction for payment of state taxes, for automobile driver's license and motor vehicle registration and location of voter registration and principal residence. Effective 1/1/85.

Ins 6.74 Suretyship and risk limitations of surety obligations.

Subsection (2) of Ins 6.74 was amended to provide that it shall not apply to insurers issuing only that type of surety insurance known as municipal bond insurance. This was done at the same time that Ins 3.08 was created to regulate municipal bond insurance and was made so that a municipal bond insurer will not be required to comply with two different sets of rules relating to the writing of surety insurance. Emergency rule effective 6/5/84, permanent rule effective 11/1/84.

Ins 13.06 Surplus requirements - town mutual insurance.

Subsections (4) to (6) of Ins 13.06 were created for the purpose of setting minimum surplus requirements for town mutual insurers as a condition for the transaction of property insurance. The minimum requirement is $50,000 or 20% of net written premiums for the prior year. The commissioner is authorized to adjust the requirements for town mutuals who cannot meet the requirements of the proposed rule because of special circumstances. Any town mutual insurer that writes nonproperty insurance and property insurance must meet the requirements of subsection (4) with respect to property insurance. Effective 8/1/84.

Subsection (3) was amended by creating paragraphs (b) and (c) to establish specific requirements for town mutual insurers writing nonproperty insurance. If a town mutual insurer retains any portion of a risk covered by nonproperty insurance, the town mutual shall obtain reinsurance on that nonproperty business with an insurer authorized to do business in the state. The maximum aggregate liability for incurred losses on nonproperty coverage retained by a town mutual for any calendar year or contract year may not exceed the lesser of $200,000 or 20% of its surplus as of the preceding December 31.

Paragraph (c) provides that a town mutual may retain nonproperty insurance coverage not to exceed a proportional share of each limit of liability as shown in the schedule in the rule which varies from 15% retention if the surplus the preceding December 31 was $1 million or greater and 0% retention if the surplus was under $200,000.

Subsection (6) of the rule was changed to provide that the commissioner may take into consideration the experience, management and any other significant information about an individual town mutual insurer in determining whether to approve or disapprove town mutual property and nonproperty reinsurance and in setting of minimum surplus requirements. Effective 1/1/85.

Ins 15.01 Exemption of warranty plans.

Subsection (6) (c) of Ins 6.57 was created to comply with s. 227.0105 (1) as created by 1983 Wisconsin Act 91 which requires that administrative rules state the period of time within which the commissioner shall accept or reject a completed application. The amendment provides that applications for limited certificates of authority for warranty plans must be accepted or rejected within 60 days. Effective 1/1/85.

Ins 17.26 Future medical expense funds.

This rule was amended to eliminate references to fund 35 (the future medical expense fund which no longer exists), to define "account" as the portion of the fund allocated for future medical expense benefits, and to make clear that each account is credited with the provider's share of interest earned. To accomplish this subsection (3) was amended, subsection (4) (b) and (f) were repealed, subsection (4) (d), (e), (g) and (h) were renumbered and amended. Effective 5/1/84.

Ins 17.28 Health care provider fees.

Subsection (6), except for paragraph (i), was amended to set the fees to be paid by residents, physicians, and surgeons, Medical College of Wisconsin faculty, government employes, retired physicians and surgeons, nurse anesthetists, hospitals and nursing homes who participate in the Patients Compensation Fund. The fees are revised to be effective from July 1, 1984, to June 30, 1985. Effective 7/1/84.

Paragraph (i) of subsection (6) was amended to provide for fees to be paid by podiatrists for participation in the Patients Compensation Fund. This amendment revised the fees to be effective from July 1, 1984, to June 30, 1985. Effective 9/1/84.

Ins 17.29 Servicing agent.

Ins 17.29 was adopted to provide guidelines for contracting for services for the Patients Compensation Fund. It specifies that the selection will be through competitive negotiation subject to s. 16.765, Wisconsin Statutes, and that the contract term will be established by the commissioner with approval of the board of governors. It requires an annual report by the servicing agent to the commissioner and the board of all expenses incurred and subcontracting arrangements.

The servicing agent is to perform functions agreed to in the contract between it and the office of the commissioner of insurance as approved by the board. Additional functions to be performed by the servicing agents which may be included are listed in the rule and include hiring legal counsel, establishment and revision of case reserves, contracting for annuity payments, investigation and evalution of claims, negotiation to settlement of all claims, filing of reports to the board and review of panel decision and court verdicts. Effective 3/1/84.

Ins 18.07 Coverage - Health Insurance Risk-Sharing Plan.

Subsection (5) (b) 1. was repealed and recreated to modify the schedule of premiums for the Health Insurance Risk-Sharing Plan to reflect current industry rates in accordance with the statutory basis of the plan. Effective 1/1/85.

ADVISORY BOARDS AND COUNCILS

Wisconsin law, s. 15.04, Stats., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Stats., authorizes the commissioner of insurance to create advisory councils and committees to assist in dealing with regulatory problems. The commissioner is to provide by rule for the creation, governance, duties and termination of any council or committee which is established. The expert advice provided the commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which the office of the commissioner of insurance is involved follows:

Insurance Security Fund Board

This board administers the insurance security fund established by Chapter 646, Stats., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The commissioner of insurance, along with the attorney general and the state treasurer, are members of this board and serve with seven representatives of insurers subject to Chapter 646, Stats., appointed by the commissioner upon consideration of the recommendation of insurance organizations.

Wisconsin Retirement Board

The Wisconsin retirement board is created in the department of employe trust funds by s. 15.165 (3) (b), Stats. It is a nine-member board. Seven members represent employers or employees who participate in the Wisconsin retirement system; one is a public member and one is the commissioner of insurance or an experienced actuary in the office of the commissioner of insurance. During 1984 M. E. Van Cleave, Assistant Deputy Commissioner, was designated to serve on this board. The board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments and approves or rejects administrative rules that relate to participants in the retirement system other than teachers.

Employe Trust Funds Board

The employe trust funds board is authorized by s. 15.16 (1), Stats., with power set out in s. 40.03 (1), Stats. The board authorizes and terminates payments of annuities and benefits under the public employe trust fund chapter; approves the tables to be used for computing benefits under the Wisconsin retirement system; appoints the secretary of the department of employe trust funds; selects and retains an actuary; approves contribution rates and actuarial assumptions; approves or rejects administrative rules proposed by the secretary and has other related powers. Four of the members of this board are appointed by the Wisconsin retirement board. M. E. Van Cleave was appointed January 19, 1982 as one of the representatives of the Wisconsin retirement board on the employe trust funds board to serve for a term to expire May 1, 1986.

Group Insurance Board

Section 15.165 (2), Stats., created a group insurance board in the department of employe trust funds. The commissioner of insurance or designee is a member of the board. The group insurance board is authorized to enter into contracts with insurers to provide the group insurance plans provided for by this chapter or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, life insurance and deferred compensation plans authorized for state and other public employees under Chapter 40. The specific powers of the board are enumerated under s. 40.03 (6), Stats. During 1984 Lou Turner Zellner, Deputy Commissioner, and Peggy Ann Smelser, Administrator, Division of Regulation and Enforcement, were designated by Commissioner Fox to serve as a member of the group insurance board whenever the commissioner was not able to serve.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Stats., functions under the state board of vocational, technical and adult education, and furnishes advice and guidance to the board in the establishment and maintenance of training programs in fire prevention and protection. The council comprises representatives from the division of emergency government (bureau of civil defense and disaster control), the department of industry, labor and human relations and the office of the commissioner of insurance, together with six members of fire departments appointed by the governor for staggered six-year terms.

During 1984 the commissioner of insurance was represented on this council by Norman J. Wirtz, Insurance Analyst.

Joint Survey Committee on Retirement Systems

This committee performs duties mandated under s. 13.50, Stats. The committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the governor, the commissioner of insurance or a designated experienced actuary in the office and the secretary of the department of employe trust funds.

This committee evaluates all legislative proposals which would create or modify any system of retirement for public officers or employees. No such bill may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. The report must indicate the probable cost involved; the effect of the proposal upon the actuarial soundness of existing retirement systems; and the desirability of the proposal as a matter of public policy.

During 1984 the commissioner's office was represented on this committee by M. E. Van Cleave, Assistant Deputy Commissioner.

Retirement Research Committee

This committee performs duties mandated under s. 13.51, Stats. Its membership represents employee and employer groups having vested interests in various state retirement programs. The committee has investigatory powers over all state retirement systems for public employees. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The committee conducts a continuous review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the governor and the legislature.

During 1984 M. E. Van Cleave, Assistant Deputy Commissioner, served on the committee.

Property and Casualty Advisory Council

This council, created by Wisconsin Administrative Code section Ins 6.79, advises the commissioner on regulatory matters in the areas of property and casualty insurance. The council has four insurance company members, two agent members and three public members. The members who served during 1984 are listed below:

J. Stanley Hoffert, Wausau Insurance Companies, Wausau
Allan Gruenisen, American Family Mutual Insurance Company, Madison
Gary M. Simmers, Northwestern National Insurance Company, Milwaukee
Karl Stieghorst, CPCU, Vice President, Robert R. Elsner Company, Milwaukee (Chair)
Roger Formisano, Professor, Graduate School of Business, Madison
Earl Winkelman, Risk and Insurance Management Society, Kenosha

There were three vacancies on the council.

Life and Disability Advisory Council

This council, created by Wisconsin Administrative Code section Ins 6.79, provides the commissioner with expertise on life and disability insurance. The council has four insurance company members, two agent members and three public members. The members during 1984 were:

Robert R. Barrow, International General Insurance Corporation, Milwaukee
Brad Wilson, Blue Cross & Blue Shield United of Wisconsin, Milwaukee
Leo Friedel, Time Insurance Company, Milwaukee
Wayne C. Defferding, Aid Association for Lutherans, Appleton
Steven Rukavina, Consolidated Mortgage, Thiensville
R. Waldo Peterson, CLU, New England Mutual Life Insurance Company, Madison
Beverly Henderson, Professor, Family Living Program, UW-Extension, Madison
Ramon Wagner, Community Advocates, Milwaukee
Ralph Andreano, Professor, Department of Economics, U.W., Madison (Chair)

Financial Advisory Council

This council assists the commissioner in regulatory decisions in the financial area. The council consists of four insurance company members, two agent members and three public members. The members during 1984 were:

Donald R. Gunderson, Sentry Insurance Company, Stevens Point
S. C. DuRose, Cumis Insurance Society, Madison
George Hardy, Northwestern Mutual Life Insurance Company, Milwaukee
Gordon Bubolz, Home Mutual Insurance Company, Appleton (Chair)
Robert Clayton, Fitzgerald, Noyes, Clayton & Kasten Agency, Milwaukee
Michael M. Nicholson, Stan Mintz Associates, Inc., Madison
Professor Larry Rittenberg, School of Business, University of Wisconsin, Madison
Edward L. Hahn, CPA, Hill Christianson & Co., Marshfield

There was one vacancy on the council.

COMPANIES IN LIQUIDATION

ALL-STAR INSURANCE CORPORATION, IN LIQUIDATION

During the year 1984, the Liquidator reported the status of net liquidated assets as follows:

Assets at January 1, 1984	$7,546,299
Additions, Net of Administrative Expenses	2,238,885
	$9,785,184
Less Claim Distributions	494,619
Net Liquidated Assets at December 31, 1984	$9,290,565

In accordance with the Court's Orders approving the Liquidator's Petition for Partial Distribution of Assets, the Liquidator has paid dividends of $6,383,423 as of December 31, 1984, to claimants based on a 35% pro rata share of the Class 3 amount approved by the Court.

The Liquidator intends to pay further dividends during 1985 and is taking steps to submit a Petition for Partial Distribution of Assets to the Court for its approval. It is hoped that such further payment can be accomplished in the first half of the year.

There were 19 additional claims filed with the Liquidator during 1984, bringing the total of claims filed in liquidation at December 31, 1984, to 7,426 distributed as follows:

TYPE	CLASS	NUMBER
Administration	1	3
Wages	2	2
Losses	3	3,661
Unearned Premium	4	2,696
General Creditor	5	1,023
Miscellaneous Subordinated	8	37
Proprietary	11	4
		7,426

In accordance with the Court's Order dated November 28, 1983, Class 3 claims filed after March 1, 1984, have been classified as late filed, pursuant to s. 645.68 (8) d, Stats. Since assets are insufficient for any distribution to this class of claims, claimants are being advised of the classification assigned so that they may exercise their right of appeal.

Court-approved determinations through December 31, 1984, on Class 3 claims amounted to $18,528,737. A total of 3,661 Class 3 claims were filed against the estate, of which 154 were still unresolved on December 31, 1984.

While the final aggregate asset figure cannot yet be accurately predicted, it is quite certain that there will not be sufficient assets to pay loss claimants in Class 3 in full. Consequently, claimants in classes other than Class 1, 2 or 3 will not participate in the distribution of All-Star's assets.

Of the 3,760 claims in classes junior to Class 3, only 24 were unresolved as of December 31, 1984. It is anticipated that these will be resolved in the near future.

The Liquidator is continuing to pursue the recovery of other assets which are due the estate of All-Star. Recoveries are anticipated from reinsurance proceeds, additional suits and through the disposition of furniture and equipment.

STATUS REPORT ON BALDWIN-UNITED CORPORATION AND SUBSIDIARIES

Early in 1983, Baldwin-United Corporation announced it was unable to repay the bridge loan secured for the purchase of MGIC Investment Corporation (Investment) in 1982. In May 1983, the Wisconsin Commissioner of Insurance placed supervisory orders on the six Wisconsin domiciled insurance company subsidiaries of Investment. The subsidiaries include Mortgage Guaranty Insurance Corporation (MGIC), the nation's largest private mortgage insurer, and AMBAC Indemnity Corporation (AMBAC), primarily a municipal bond insurer.

In July 1983, six Baldwin-United life insurance companies including National Investors Life Insurance Company (NILIC) and University Life Insurance Company (University), which are licensed in Wisconsin, were placed into rehabilitation by the Arkansas and Indiana Insurance Commissioners. A rehabilitation plan for the companies was developed by Arkansas and Indiana with the assistance of the National Association of Insurance Commissioners (NAIC) Options Committee, of which Wisconsin served as chair. The rehabilitation plan provides a number of options for policyholders to choose from during the three and one-half year rehabilitation period. NILIC and University specialized in the sale of single premium deferred annuities (SPDAs).

The Wisconsin Office of the Commissioner of Insurance was the first regulatory agency to initiate an investigation of the marketing practices of the brokerage firms which sold the majority of the NILIC and University SPDAs. The investigation is still in progress. In addition existing regulations and public information regarding SPDA's are being reviewed and improved.

The Wisconsin Commissioner serves as chair of the Special Masters Commission which is comprised of the Arkansas, Indiana and Wisconsin Insurance Commissioners, a representative of Baldwin-United Corporation and the agent for the group of banks that loaned Baldwin-United the funds used for the purchase of Investment. The Masters Commission was formed to oversee the sale of Investment and its subsidiaries. On February 28, 1985, the sales transaction for MGIC was completed. As a result of the transaction, Northwestern Mutual Life Insurance Company is the principal investor and owner of the ongoing MGIC. In addition, a definitive agreement has been reached for the sale of the municipal bond line of insurance of AMBAC. The transaction is expected to close early in 1985.

MARTELL MUTUAL TOWN INSURANCE COMPANY, IN LIQUIDATION

Martell Mutual was placed in liquidation on August 21, 1980, in the Circuit Court for St. Croix County, Wisconsin. Gary L. Bakke was appointed Special Deputy Commissioner.

Martell Mutual policyholders suffered windstorm losses of approximately $5,100,000 on July 15, 1980. Inadequate reinsurance and a pre-existing weak financial position resulted in an inability to pay the claims. Martell Mutual policies were assessable. Two assessments were levied totaling $2,925,973 and collections exceeded 94%.

Assets were collected and a major lawsuit settled which permitted a refund on June 30, 1983, to policyholders of all unearned premiums and also 81% of the second assessment.

All claims and expenses of the administration incurred in 1984 have been paid in full.

Many of the Martell agents had unearned commissions due the company. All have been sued and litigation is pending.

During 1984 a total of $14,166.43 was collected on delinquent policyholder assessments. Some receivables have been charged off because of bankruptcies. At this writing $51,216.03 is owed to the liquidator for unpaid assessments and an additional $102,138.45 for penalties and interest.

Miscellaneous assets and claims need to be finalized before the liquidation proceeding can be closed.

RELIABLE LIFE AND CASUALTY COMPANY, IN LIQUIDATION

The Reliable Liquidation Account, which contains substantially all of the assets and liabilities of Reliable Life and Casualty Company ("Reliable"), was created and ordered into liquidation by the Dane County Circuit Court ("Liquidation Court"), effective October 7, 1981. On December 31, 1984, the Wisconsin Insurance Security Fund ("Fund") was administering 19,889 guaranteed renewal health and disability policies pursuant to the "continuation of coverage" provisions of Ch. 646, Stats. This is a decrease of 79 percent from the approximately 96,000 policies assumed by the Fund at the time of liquidation.

Mutual of Omaha administers the continued business for the Fund. By December 31, 1984, two assessments totaling $10.5 million had been levied by the Fund to pay policyholder claims and administration expenses. The Fund is actively seeking a private carrier willing to assume the remaining business.

Discovery proceedings in the Special Deputy Liquidator's lawsuit against Reliable's former certified public accountants and consulting actuaries continued in 1984. As of January 31, 1984, no trial date had been set. Several pretrial motions filed by the parties to this litigation have been heard by the trial court, which is not the Liquidation Court, and are awaiting the trial court decision.

On December 21, 1984, with the consent of the Wisconsin Insurance Security Fund, the Liquidation Court approved a settlement with a number of former Reliable agents. These agents contested the Liquidator's recommendation that no renewal commissions would be recognized on premiums collected after October 7, 1981, and that claims for commissions earned prior to that date were afforded the priorities set forth in {{ 645.68 (5) and (8), Stats.

The litigation initiated by these former agents challenged the constitutionality of the liquidation statutes and raised other issues. The Court approved the settlement recommended by the Liquidator. The settlement includes payment of pre-liquidation commissions of approximately $230,000.

The Liquidator takes the position that all former Reliable agents not a party to the settlement, whose claims are allowed, will be paid when and if sufficient funds become available to pay claims in the {{ 645.68 (5) and (8), Stats., classes. The Fund has indicated that it will object to the Liquidator paying additional claims of agents before its claim has been satisfied.

In August, 1984, Reliable Investors Corporation ("Investors"), the former corporate parent of Reliable, filed for protection under Chapter XI of the Bankruptcy Code. The Liquidator has filed a claim against Investors in the bankruptcy court for recovery of dividends paid to it by Reliable in the years 1977 through 1980 totaling $2,606,300. The claim, which is based on { 617.23, Stats., is being contested.

The process of converting Reliable's remaining tangible assets into cash continued in 1984. The only substantial tangible assets remaining to be liquidated are certain government securities held by the State Investment Board and two states valued at approximately $2 million, real estate parcels valued at approximately $1 million and mortgage and land contract receivables with a face value of approximately $675,000.

Real estate sales in 1984 generated approximately $1,100,000. The Liquidation Account had a cash balance of $1,421,000 on December 31, 1984. At present, liquid assets are insufficient to pay a dividend to any creditor lower than class 3. Reports on the status of the liquidation are periodically filed with the Dane County Circuit Court.

WISCONSIN SURETY CORPORATION, IN LIQUIDATION

On May 29, 1984, the final order in the liquidation estate of Wisconsin Surety Corporation was issued by the Court, terminating all proceedings and discharging the Liquidator. The liquidation had commenced on April 11, 1975, and was the first proceeding ever brought under Chapter 645, which had been enacted in 1967 as a revision of earlier provisions contained in former Chapter 616.

At the outset of the liquidation, approximately $25,000,000 in claims were filed with the Court. At that time the estate had liquid assets of approximately $1,000,000.

As of the termination date, the final statistics show that the Liquidator was able to pay 100% of every loss claim (distribution priority classes 3 and 6) allowed by the Court, excluding the $50 statutory liquidation deductible. Throughout the proceedings allowed claimants residing in the states of Wisconsin, Illinois and Texas had received payment within a few months after Court allowance, by means of the insurance guaranty funds operating in those states. Claimants residing in the remaining states were paid directly by the liquidation estate, 70% in 1981 and the balance in 1983. After these distributions sufficient monies remained to permit, in addition, complete payment of the $200 statutory liquidation deductible (distribution priority class 4) to all loss claimants as well as payment of approximately $287,000 for interest allocated among all claimants.

General creditors of the corporation received similar treatment. Despite their relatively low priority under the Wisconsin Statutes (class 5), all such creditors were paid the full amount of the allowed claims plus additional pro-rata interest payments. Payments were made to general creditors who were residents of Wisconsin as well as to those who were residents from the remainder of the country.

Most claims filed in the liquidation proceedings were resolved by the Liquidator by means of negotiated settlements or withdrawals. Approximately three percent of the filed claims eventually were forced into trial on the merits by one of the parties. Of the cases brought to trial, 23% resulted in the claimant's demand being upheld, 59% resulted in the Liquidator's original determination being upheld, and 18% resulted in an award substantially less than that sought by the claimant. In no cases did the Liquidator pursue an appeal of an adverse decision by the Liquidation Court.

With respect to estate assets, the original $1,000,000 was augmented by the Liquidator through various recoveries totalling approximately $2.85 million, and also through earnings on the early recoveries accruing to approximately $1.35 million. The recoveries stemmed primarily from rights of action pertaining to surety salvage, reinsurance, agents balances, and perferences. Most of the recoveries were achieved by means of negotiated settlements, with ten of the matters requiring actual trials on the merits. Of those ten matters, eight resulted in the Liquidator recovering substantially all monies sought, one resulted in recovery of a significant portion of the amount sought, and one resulted in recovery of a minor portion of the amount sought.

The total assets accumulated by the Liquidator during the administration of the estate were approximately $5.2 million. Expenses over the nine years in which the liquidation proceedings were pending, including all administrative expenses, legal fees, accounting fees, salaries and consulting, data processing, and rentals, total approximately $1.08 million.

The 100% distribution in classes 1 through 6 and partial payment in class 7 stands as the highest prorate among surety company liquidations in U.S. history. The occurrence of a final distribution in 1983 also makes the duration of this proceeding equal to the shortest duration for a surety company liquidation in the country in recent years.

III - DIVISION OF REGULATION AND ENFORCEMENT

DIVISION OF REGULATION AND ENFORCEMENT

The Administrator of the Division on Regulation and Enforcement, along with the Consumer Attorney, is responsible for initiating most enforcement actions against agents and companies, and for pursuing these cases through the appeals and settlement process (see Administrative Actions for a summary of 1984 activity).

The Administrator is also responsible for general program and policy development in the Division. The major activity in this area for 1984 was development and approval of a reorganization plan for the Division. The plan combined the Bureaus of Market Conduct and Rates and Forms into a new Bureau, the Bureau of Market Regulation, and made some changes to the Bureau of Financial Examinations.

The new Bureau of Market Regulation has two new sections organized by insurance product line, one for Property and Casualty, another for Health and Life. In each section, insurance analysts and examiners work together to make sure that policy decisions are carried out consistently in the forms review and complaints processes. The third section, Complaints and Central Services, provides support to both functions in the processing and tracking of documents, as well as initial complaint intake.

The reorganization also created two sections in the Bureau of Financial Examinations so that better supervision of financial examiners and insurance companies will be possible.

BUREAU OF FINANCIAL EXAMINATIONS

The principal function of the Financial Examinations Bureau is to monitor the financial condition and to ensure the financial solidity of all insurers licensed to market insurance in Wisconsin. Monitoring includes the examination of companies and the analysis of statements submitted to the department. Monitoring activities also include the review of CPA audit reports and updates to the company profile data base.

During company examinations, personal computers are being utilized to automate exam organization, ledger verification, testing of reserve adequacy, report drafting and graphics. In addition, the following computer applications are in use:

- mechanization of desk audits of town mutual annual statements.
- preparation of various pro forma financial reports on insurers.
- preparation of IRIS tests on a quarterly basis.
- maintenance of five-year historical data for town mutuals.

Bureau staff have assisted in the creation of a new annual statement and financial standards for health maintenance organizations. They were also instrumental in the development of an administrative rule on municipal bond insurance.

The bureau also maintains and reviews holding company filings required by Wisconsin Administrative Code section Ins 12.01; reviews financial reports for surplus lines insurers; collects quarterly and year end premium taxes; and collects fire department dues as required by s. 601.93, Stats. In addition, the bureau handles applications for Certificates of Authority, amendments to Certificates of Authority and also approves mergers of insurance companies (see changes in Corporate Licenses).

BUREAU OF MARKET REGULATION - RATES AND FORMS ACTIVITIES

The Bureau of Market Regulation is responsible for the administration and enforcement of the Wisconsin Statutes relating to insurance rates, underwriting rules, advertising practices and policy forms.

Bureau activities include research projects relating to policy forms, analysis of benefit costs and underwriting practices and procedures.

Activities in 1984 included:

- determining and approving the amounts and forms of insurance necessary to comply with the new rustproofing warranty law passed by the legislature.
- reviewing company medicare supplement rate revisions for companies whose 1983 loss ratios were significantly lower than the law requires.
- development of a rule for town mutual insurance companies which provides for retention of business and levels of reinsurance requirements when they write nonproperty insurance.
- approving a worker's compensation rate reduction of -8.5% that was created by improved safety in the work place.
- creating a Unisex rating rule to provide nonforfeiture values for life insurance that do not vary with the sex of the insured.
- assisting in examining companies for compliance with rate and form and underwriting laws.
- development of proposed standards for disclosure of limitations and handling of grievances by HMO's.

- participating in the monitoring of residual market mechanisms including the Wisconsin Workers Compensation Insurance Pool, Wisconsin Automobile Insurance Plan, Wisconsin Insurance Plan and the Health Insurance Risk-Sharing Plan. The staff also participated on the Wisconsin Arson Insurance Council and the Commissioner's advisory councils.

IV - DIVISION OF ADMINISTRATIVE SERVICES

BUREAU OF STAFF SERVICES

The Bureau of Staff Services is responsible for general administrative functions of the agency including: word processing, data processing, the licensing program for insurance agents, personnel, payroll and internal mail service.

Agent Licensing Section

In January 1984, all licensed agents were billed their biennial regulation fee. 39,936 resident and nonresident agents were billed. The licenses of 7,623 agents were suspended in February 1 for failure to pay fees. The licenses of 4,384 of these agents were revoked on April 1.

During 1984, 11,238 candidates registered for the major examinations: life, accident & health, property and casualty; 7,232 candidates passed. For the limited lines examinations of auto, title, credit life/accident and town mutual nonproperty, 399 candidates registered; 273 candidates passed.

As of December 31, 1984, there were 254,410 active agent listings, an increase of 16,799 over 1983.

Data Processing Section

Highlights of the Data Processing Section include:

- system development of a provider and ISO code database for the Patients Compensation Fund
- implementation of a mainframe to microcomputer file transfer system for the Financial Examinations Bureau to facilitate reconciliation of insurance company trial balances to the annual statements
- initiation of system development of a claims database for the Patients Compensation Fund

BUREAU OF FUNDS

LOCAL GOVERNMENT PROPERTY INSURANCE FUND

The purpose of the Fund is to make reasonably priced property insurance available to tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. Coverage is available on an optional basis. As of July 1, 1984, the Fund insured 191 counties, 70 schools, 61 cities, 50 towns, 63 villages, and 22 miscellaneous entities (libraries, etc.). The total amount of insurance in force as of July 1, 1984 was $3,282,176,739.

Based on favorable loss experience and investment income, the Fund has declared the following dividends:

Fiscal Year	Dividend
1979-80	45%
1980-81	10%
1981-82	15%
1982-83	50%
1983-84	50%

The program continues to be administered on a contractual basis.

PATIENTS COMPENSATION FUND

The Patients Compensation Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by an 11-person Board of Governors which consists of five insurance industry representatives; an attorney named by the State Bar Association; a physician named by the Wisconsin Medical Society; a hospital representative named by the Wisconsin Hospital Association; the Commissioner of Insurance; and two public members appointed by the Governor. The Fund's administrative staff is provided by the Office of the Commissioner of Insurance.

The Fund operates on a fiscal year from July 1 through June 30. Administrative and operating costs as well as claims payments are funded through assessments paid by participating health care providers.

On June 30, 1984, there were 156 hospitals with 40 affiliated nursing homes, 6,524 physicians, 340 nurse anesthetists, and 143 podiatrists participating in the Fund.

Effective July 1, 1980, Chapter 655 was amended to provide that financial reports of the Fund should be on an accrual basis and that reserves should reflect present value (credit for interest to be earned prior to actual payment). The following financial reports as of June 30, 1984, reflect these statutory requirements.

It should be understood that the deficit does not mean the Fund is unable to pay obligations currently due. There was a cash balance of $15,677,153 on June 30, 1984. The deficit equates to the projected unfunded liabilities outstanding if the Fund ceased to collect further assessments.

From July 1, 1975 through December 31, 1984, 1,032 claims were filed in which the Fund was named. Ninty-six claims had been paid for a total of $35,511,321. Four hundred and eighty-two claims had been closed with no payment. Fifty-six cases were reserved for $32,150,000.

HEALTH INSURANCE RISK-SHARING PLAN

The Health Insurance Risk-Sharing Plan (HIRSP), Chapter 313, Laws of 1979, became effective on January 1, 1981. HIRSP is governed by a nine-member board. Through a selective bidding process, Mutual of Omaha was chosen as administering carrier for the plan. The plan provides major medical and Medicare supplement coverage for Wisconsin residents under age 65 who, for medical reasons, are unable to obtain health insurance coverage in the private market.

The plan was originally designed to be self-sufficient, except that for the first three years of operation the statute required that premium rates not exceed 130% of the standard individual rate for substantially similar coverage. Effective July 2, 1983, the statute was amended to eliminate the self-sufficiency requirement and allow premium rates which do not exceed 150% of the standard individual rate for substantially similar coverage. This change was necessary because an estimated 370% rate increase would have been required on July 1, 1984 to make the plan self-supporting. Expenses of the plan in excess of premiums are assessed against health insurers in proportion to the insurer's total premium or other charges on business written in this state on behalf of Wisconsin residents. In 1984, insurers were assessed $1,700,000.

The plan was in full operation on July 1, 1981, and on December 31, 1984, covered 1,918 policyholders.

OFFICE OF POLICY ANALYSIS

The Office of Policy Analysis (OPA) has several responsibilities.

Included among them are: reviewing and drafting of administrative rules; providing staff support for advisory councils and other committees on which the office serves; conducting research on insurance issues; working on legislative analyses; carrying out the public information program of the office; and participating in committees and task forces of the National Association of Insurance Commissioners.

Major projects of 1984 included:

Monitoring the development of health maintenance organizations and other cost effective health care delivery systems in Wisconsin;

Conducting research on issues related to medical malpractice insurance and providing staff support to the Legislative Council Special Committee on Medical Malpractice;

Surveying insurers on health care cost containment initiatives and coverage for organ transplants;

Implementing legislation on continuing care contracts;

Developing recommendations for Office's legislative proposals;

Directing the public information program of the Office;

Assisting in the development of rules relating to preferred provider plans, municipal bond insurance, town mutual insurance, and unisex nonforfeiture values in life insurance advertisements; and

Participating in the National Association for Insurance Commissioners' Coordination of Benefits Task Force.
